Council Passes Grants

To Fair and Hospital

Several Citizens Interview Council on Different Questions. Not Advisable to Repair Street Signs at Present. Agricultural Society wants Lots of Electricity for Fair. Premier Stewart wants City to be Represented at Conference.

The regular meeting of the city council was held on Tuesday evening with all members in attendance except Al. Edmunds, Ellis and Richards. After the minutes of the previous meeting were adopted, a letter was read from a man wanting a position as superintendent of the power house. He will be informed that there is no vacancy.

It. N. Shaw wrote advising the city that the International Show Co. would require a lot of light and power for fair days, also that the agricultural society would want the grounds lighted, and requested that water be supplied the grounds on the Saturday before the fair. This was referred to committees.

The police report of Chief Marshall for June was read and filed. Premier Stewart wrote requesting Wetaskiwin to send a representative to a meeting of several organizations to be held at Edmonton on July 26th, to consider the unemployment question in the province. This was filed.

Anton Jensen applied for lease of about five acres of land near his home for pasture at \$5.00 per season. He referred to finance committee and the city solicitor with power to act.

T. D. Pearce of Calgary wrote re: lots in the city. The secretary will give suitable reply. A doctor at Hamilton, Man., wrote asking if Wetaskiwin offered an opening for a man of his profession. A suitable reply will be made.

A letter from the C.P.R. re water supply for the city was referred to the electric light committee.

A letter from the department referring to dependent case in the city was referred to the finance committee and the city solicitor with power to act.

W. T. Brock of H.C. wrote re the taxes on his lots. This was referred to the finance committee and city solicitor.

The Manufacturers' Life Assurance Co., wrote re debenture payment bond made at Toronto. The letter was filed.

John Berry, president of the Agricultural Society, addressed the council requesting a substantial grant from the city. The sum of \$50.00 was voted.

Mr. Berry also drew the attention of the council to a dangerous bridge south east of the city. AM. Compton agreed to look into the matter.

F. B. Watson, on behalf of Watson & Polling, addressed the council and offered \$250.00 for five lots on railway street east on which they propose moving a building and starting a garage business. The terms were half cash, balance in one year. After some discussion, the offer was accepted.

Sam Kortzy addressed the council about his assessment. This will be corrected.

Godfrey Baker appeared before the council respecting his assessment, which he contended was too high. This was referred to the finance committee to report.

C. H. Russell addressed the council.

OBITUARY

S. E. PERSOON

One of the pioneer settlers of this community are being removed from us, and another one was taken away on July 13th last, in the person of Mr. S. E. Persoon, who has been an esteemed resident about sixteen miles south east of the city. He was aged sixty-four years, eight months and sixteen days. Deceased had not been feeling well for some weeks and on the morning of the demise his sons offered to remain in the house with him, but he would not give his consent. When they returned from the field in the afternoon, they found their father sitting in the chair, but with life extinct, the cause of death being heart failure.

The late Mr. Persoon was a native of Sweden, where he lived until twenty-five years ago, when he immigrated to Ontario, where, with a wife and two sons and three daughters, many years prior to coming to Alberta where he took up a homestead south east of the city and where he has resided. He leaves a family of two sons and three daughters, namely, Emil and Albin and Anna, at home, and Mrs. J. D. Longtin of Peace River, and Mrs. Jos. Stromberg, of New Norway.

The funeral took place on Sunday afternoon, the remains being laid away in the family plot in the Highland cemetery. The services at the residence and graveside were conducted by Rev. Bloomgren and Rev. Sundstrom, and were attended by a very large number of friends and acquaintances. The pallbearers were Messrs. J. P. Belter, Wm. Meyers, Carl Johnson, Peter Pearson, Oscar Larson and Oscar Greenwald.

LOUIS LISKE

A fatal accident happened at the farm of Louis Liske on Friday of last week. While chopping a horse, he picked up a stick of wood and flung it at the animal, which, while kicking, hit the wood and flung it back at Mr. Liske's head. The wood struck him in the temple immediately with a broken skull and was rushed to the Wetaskiwin hospital, where he passed away. The cause of death was a fractured skull. Meyers, Carl Johnson, Peter Pearson, Oscar Larson and Oscar Greenwald.

He was aged fifty-seven years, and had resided on his farm west of the city for the past twenty-one years. He had been a member of the Lutheran church in the community. He leaves a wife and family of three sons and four daughters, namely, Mrs. G. Schmidt, Mrs. E. Schmidt, Mrs. H. Schmidt, and Mrs. W. Schmidt, all of the Wetaskiwin hospital, where he passed away. The cause of death was a fractured skull. The funeral took place on Sunday afternoon, the remains being laid away in the family plot in the Highland cemetery. The services at the residence and graveside were conducted by Rev. Bloomgren and Rev. Sundstrom, and were attended by a very large number of friends and acquaintances. The pallbearers were Messrs. J. P. Belter, Wm. Meyers, Carl Johnson, Peter Pearson, Oscar Larson and Oscar Greenwald.

The weather has been ideal for the crops during the past week. Several heavy rains have fallen in some parts of the district, and a hail storm passed over Hobbs on Monday night, but no damage is reported.

Rev. Mr. Cobblehead, Mrs. Cobblehead and daughter, Marguerite, were guests at the home of Dr. and Mrs. T. B. Stevenson last week. They were on their way to Calgary, where the reverend gentleman has been stationed by the Methodist church.

George Bailey is exhibiting J. W. Bailey & Sons' choice herd of Durco Jersey hogs at the fair this year, and met with the usual success at Calgary and Edmonton, winning the best prize in competition with all comers. He will follow the circuit.

The friends of J. E. Fraser, secretary-treasurer of the city, will regret to hear he has had a serious accident at Gull Lake a few days ago, when he stepped on a rusty nail, which penetrated his foot. He is confined to bed and under the care of a physician.

The Organmen of the city and district attended Divine Worship at the union service held in Knox church on Sunday evening, when an excellent sermon was preached by Rev. W. H. Irwin, on the subject of Protestantism. They attended the celebration at Edmonton on the 11th.

The ability of Donald MacCallum of Wetaskiwin was recognized last week by the Department of Agriculture of the province, when he was asked to act as judge of sheep on the fair to be held in the province. His duties commenced at the Red Deer fair next week. Mr. MacCallum is eminently qualified for the position, as he received a thorough training in the sheep business in Scotland, before coming to this country.

The Wetaskiwin team had three hard-fought games during the past week. The first one was played at Red Deer on Friday evening, when they met defeat by the score of 15-2. The second defeat was at the hands of Beaver on Monday evening, when the score was 1-3, and the last defeat was at Inverell on Tuesday night, when the score was 2-1. The Beaver game was a good one considering the wet grounds. Godfrey struck out 11 and Billy of Inverell had 33 to his credit. The Inverell contest was a pitcher's battle in which Inverell struck out 11, and Strind, the Inverell twirler, 15. The Wetaskiwin boys claim they did not get a square deal from the umpire otherwise they would have won out.

TOWN TOPICS

A large number of Wetaskiwinites are attending the Edmonton exhibition this week.

Mrs. Thos. Forsgren and Mrs. C. P. Cunningham left a few days ago for Calgary and Banff, where they will spend a week or ten days' vacation.

Mr. and Mrs. Wm. Thos. were in town the middle of the week attending the golden wedding of Mr. and Mrs. Thos. Thiers-Bawill son.

The families of H. J. Wells and Geo. Graham have been going to Pecon Lake this week, where they are enjoying a vacation.

Pigeon Lake is coming into its own as a popular summer resort. We understand about a dozen new cottages have been erected there this summer and others are contemplated.

The weather has been ideal for the crops during the past week. Several heavy rains have fallen in some parts of the district, and a hail storm passed over Hobbs on Monday night, but no damage is reported.

WEDDINGS

EHKE — KIRSTEIN

A quiet wedding took place at the parsonage on Tuesday evening last when Rev. A. H. Scherbaum united in marriage William Ehke and Mrs. Amelia Kirstein, both of Wetaskiwin. The witnesses were Miss Lydia Klatt and Mr. Henry Lenz. We join in extending congratulations.

GRAFFITHS — MOORE

On Tuesday, July 13th, at the home of the bride's parents, Mr. and Mrs. Moore, Brightview, Alice Anna Moore was united in the holy bonds of matrimony to Stanley Sylvester Griffiths, of Wetaskiwin.

The ceremony was performed by the Rev. W. J. James. There was a large assembly of friends at the service, and after the wedding breakfast a very pleasant afternoon and evening was spent at the home of the bride's parents and afterwards at the Finn Hall.

STEVENS — GOODHAND

A very pretty and popular wedding took place at the home of Mrs. Shis at Brightview, on July 13th, when Miss Beulah A., eldest daughter of H. J. Goodhand, was united in the holy bonds of matrimony to Mr. R. A. Stevens. The ceremony was performed by the Rev. A. C. MacLaurin, of Calgary, in the presence of only the immediate relatives and a few friends. The bride and groom were accompanied. Mr. and Mrs. Stevens are popular young people of the community, and their best friends join in wishing them a long, happy and prosperous journey through life.

LUCAS — STANTON

A very pretty wedding took place at Grace Methodist church on Wednesday morning at 10:30 a.m., when, Miss North Stanton, daughter of W. J. Stanton, of 918-102nd Ave., became the bride of S. B. Lucas, of Wetaskiwin. The ceremony was performed by Rev. R. W. Dalgleish.

To the strains of Mendelssohn's wedding march, played by Miss Ithra Stanton, cousin of the bride, the bride entered the church on the arm of her father who gave her in marriage. She wore her travelling suit of maroon tulle, the coat opening over a blouse of white gorette with hand painted rose roses, and picture hat of black straw, with underlacing of white gorette and pale pink hand painted roses. Her corsage bouquet was of opella roses.

The bridal couple were welcomed, and a luncheon dinner was served at the home of the bride's parents. The table was covered with sweet peas in a cut glass vase, standing on a mirror base, the bride's cake being at one corner, decorated in white and wild roses.

The presents were beautiful and costly including gifts from the staff and pupils of McCauley public school where the bride had taught for the past few years. The bridegroom's present to the bride was a beautiful pendant of white gold set with diamond opals and pearl setting.

Mr. and Mrs. Lucas left on the 12:40 train for Banff and Lake Louise where a honeymoon will be held. On their return they will make their home at Polson-Buffet.

Physiological Action of Tanlac Exposed

World's Leading Authorities Show Just What Tanlac Really Is and Explain Effect of Each of Ten Ingredients on the Human System. Power of Medicine Conclusively Proven.

A day never passes but what thousands of people ask the questions: "What is Tanlac? Why its phenomenal success? Why do we hear so much about it? And why has this preparation so far outstripped all other medicines of its kind?"

The answer to all these questions is easy and can be explained in just one word—merit. Tanlac is scientifically compounded, and represents years of work, study, experimentation and research by some of the foremost chemists and pharmacologists of America.

The Tanlac formula is purely ethical and complies with all National and State pure food laws. It is purely vegetable and is made from the most beneficial roots, herbs and barks known to Materia Medica. The Tanlac Laboratories are among the largest and most modernly equipped in this country.

Ten Ingredients in Tanlac

Altogether, there are ten ingredients in Tanlac, each of which is of recognized value.

In referring to one of the more important ingredients of Tanlac, the *Encyclopedia Britannica* states:

"It has been the source of the most valuable tonic medicines that have ever been discovered."

In referring to one of the general tonic drugs contained in Tanlac, the 12th edition of *Peter's Therapeutics*, a standard medical text-book states that "they impart general tone and strength to the entire system, including all organs and tissues."

This same well-known authority in describing the physiological action of still another of the ingredients of Tanlac, which is of value in treating what is commonly known as a "run-down" condition, uses the following expression:

"It is highly esteemed in loss of appetite during convalescence from acute diseases."

IS SURPRISED AT RED CROSS RESULTS

Calgary, July 11.—Enthusiastic approval and surprise at the work that is being accomplished in Alberta by the Red Cross was expressed by Miss Gertrude Arnold, a veteran Red Cross worker who served nearly three years in France. Miss Arnold, in company with the daughter of Lady Evelyn Mason, a well known Red Cross leader in England, is travelling through the west and takes a particular interest in the work of the Red Cross. She admired the system which has been organized to meet the difficulties of relief and nursing work in this country with its great distances and limited development.

Of the Junior Red Cross, she was very enthusiastic and said that Alberta led many of the eastern provinces in the organization of this department.

Miss Arnold is regarded as an authority on Red Cross work and her praise was greatly appreciated by the workers in the Alberta branch.

Fort Saskatchewan and Selkirk were the latest towns to distinguish themselves in the enrolment campaign. At Fort Saskatchewan 500 members were enrolled, and at Selkirk 400. These are very good returns and beat the record of much larger places. A great many districts are still canvassing for recruits and are bent on their members until they get the best dollar.

The Red Cross have been active at the Calgary exhibition where they organized a first aid post with the co-operation of the St. John's Ambulance brigade and established a rest room and a popular place for tired mothers during the exhibition and the nursery and playground were full most of the time.

EXAMINER'S REVIEW OF THE MARKETS

CATTLE—Beef prices at Edmonton yards are holding steady with best steers \$8 67; good, \$5.50 to \$6; medium \$4.50 to \$5.25; common \$4.50 to \$4.25; choice cows, \$5 and \$5.50; good \$4.50 to \$4.25; medium, \$3.50 to \$4; common \$2.50 to \$3; canners \$1.50 to \$2. Calves unchanged; choice would make up to \$9. Stocker and feeder demand light.

SHEEP—Reported about steady at Edmonton, with choice lambs selling \$11.50; best sheep unchanged, with demand moderate.

HORSES—Two sales held at Calgary stockyards during fair week got fair action, with several loads of very fine horses selling well over \$100.

GRAIN—Wheat reported in many parts of Alberta in short week and much benefit resulted. Some districts where rain badly needed did not get it and failure in isolated instances even in certain Northern Alberta crops excellent; central Alberta fair to good; southern Alberta very patchy some good, other sections failure. Grain prices showing weakness over generally favorable crop conditions in producing countries.

PRODUCE—Cream prices higher by 1c in Edmonton district, with stations paying 24c, 21c and 18c on specific first and second grades; but weather affecting cream grades. Creamery butter in casks, 34c and carlots 28c and 26c, with shipments to east. Dairy butter 1c and 1 1/2c with no outside demand. Cheese market firm. Egg prices have been boosted to \$9.70 but dealers consider price too high for July eggs, and decline probable. Selling chickens coming in freely and standard 34c and 32c; hens 15c and the turkeys 25c; storage stocks cleared and good demand.

THE FARMER'S CANDIDATE

DECLARATION OF PRINCIPLES

Believing that the present unsettled conditions in Canada politically are due to a large measure to dissatisfaction with the party system of government, and
Believing that present day political institutions fail to measure up to the requirements of present day conditions, and that the present system has failed to develop a sufficiently close connection between the representative and the elector, and that the desire to effect a greater measure of self-government.

Recognizing the rights of all citizens believing that it is the duty of every citizen to exercise his rights of citizenship in the most efficient manner, and in the best interest of social progress, and believing that individual citizenship can only be made efficient and effective through the vehicle of systematically organized farmers, we, the United Farmers of Alberta, have our hope of developing a social influence and a progressive force, on becoming a stabilized, efficient organization, and while through it we formulate declarations of principles, or a so-called platform these are at all times subject to change by the organization.

We as a group of citizens going in to action under organization, our elected representatives are at all times answerable to the organization in the constituency that elects him as a representative.

We aim to develop through the study of social and economic problems an intelligent responsible business government.
This organized citizenship believes the vehicle not only of intelligent voting but also of intelligent guidance of elected representatives.
A full recognition of the supremacy of the organization in all things does not nullify the importance of a platform. Recognizing this importance we submit the following as a suggested platform to be used by the U.F.A. Provincial constituencies in the coming election.

Reconstructive Legislative Program

1. Representation of all classes of the community in the legislature according to their numerical strength. This to be brought about by proportional representation, and a preferential ballot in single member constituencies.

CANDIDATES NOMINATED FOR ELECTION

Government candidates, Farmers, Conservatives, Labor and Independents at the nominations throughout the province yesterday lived up to their forces in preparation for the provincial election on Monday next. In all there are 150 candidates in the field, of whom 51 are supporters of the Stewart government and 45 are candidates of the United Farmers of Alberta, 16 are Conservatives, 11 Labor candidates, 21 who are called Independents and two Socialists.

Several who are classed under the U.F.A. did not have the majority endorsement of conventions, but, however are running under the Farmers auspices.

Premier Charles Stewart was returned by acclamation for Sedgewick, a rural constituency. No other candidate is returned whatsoever. The government has candidates for 50 out of the 61 seats, the exceptions being Lethbridge and Claresholm. The Farmers are testing public feeling in the election of 45 members, the exceptions in this case being the five Calgary seats, four in Edmonton, and Lethbridge, Brandon, Sedgewick and Leduc. The Conservatives are running full states in Calgary and Edmonton. There are eight Labor candidates in Edmonton and three in Calgary, and one socialist is in the field in each city. The Independent candidates represent great varieties in political opinion, and the six in Calgary under this heading include "hook" swindlers, publisher of the Eye-opener, who is supporting the Stewart government.

The following candidates were placed in nomination on Monday:

ABOUT THE DUCKS

An old darkey, when asked how it came that he was asking for credit so soon after he had marketed a good crop of cotton, replied:

"De ducks go 'bout all that cotton sash."

"What do you mean by the ducks got it?"

"Well, you see," said the old darkey

"I sent that cotton up to Memphis an' dey deducts the freight, and dey deducts the commission, an' dey deducts de taxes—yes, sah, dey gits 'bout 'bout all dat cotton, and daty I'm here."

The employment situation in the city of Vancouver is not improving. Within the last two weeks 1,400 men were reported out of work.

THE GRAY COTTAGE

Nettie Hedges went slowly home. The wedding of Daisy Miller had been very pretty. As she neared her own home the contrast between the dreary cottage under the heavy pine trees and the sunshiny little home prepared for the bride struck her forcibly.

"Of course, it's always been like that," she mused. "Great-grandfather Russell built it and wanted it to be a sober color so his young wife wouldn't get flighty ideas; Puritans have an abhorrence for anything cheerful." Here she paused against at her own doorway. She had never before questioned, even in her thoughts, any family tradition.

But the gay little house lingered in her mind persistently. The gray paint of the cottage was made yet more somber by the deep shadows cast by the clustering trees. That same evening a storm blew up and the winds singing through the tree tops seemed to chant mournfully of the gray people long since dead. An overhanging branch swept against Nettie's bedroom window and kept her awake. "Seems like some ghostly finger tapping there," she thought faintly as a vivid flash of lightning outlined the gaunt tree trunks.

"I'm going to do it," she told herself next morning and loudly drank a second cup of coffee to strengthen her resolve. "Mr. Herb, will you come up and do some work for me this morning," she telephoned.

"What kind of work?"

"Cutting down some of those pine trees around the house."

"Well, I guess not," "Cut down the trees planted by your grandfather. You must be getting old, Nettie." She stood staring into the telephone. Old Mr. Herb had hung up with no further loss of time. Nettie Hedges had lived alone ever since her father had died. The interior of the house was never more cheerful than the exterior. Old family portraits looked down sternly from the dark wall papers. Musty, faded carpets covered the floors and were weighed down by heavy walnut furniture, upholstered in shabby, faded velvet.

Nettie's answer was incoherent, but little Ruby Thomas, the village dressmaker, remarked shrewdly to Mrs. Herb. "I kinda thought Nettie was a phony when she said she'd married all that light colored material, but I never let on that I mistrusted anything."

TO EXTEND LACOMBE NORTHWESTERN RY. PROGRAM FOR 1922

Further construction of the Lacombe and Northwestern railway with the object of extending it into Edmonton at the earliest possible date is one of the important items on the program of Premier Stewart and the government for next year providing they are given a mandate from the electors at the provincial elections on July 13.

According to a statement of Premier Stewart this week it is the intention of the government to have the line from Lacombe extended a considerable distance from Rimbey north, during 1922, and for this purpose a substantial vote will be asked of the next legislature in the event of the Stewart administration being returned.

In fact, Premier Stewart stated when questioned regarding the matter that it was his intention to have the line completed into Edmonton as soon as it was possible to adequately finance the project.

Had Premier Stewart resorted to certain methods of politics there would probably have been some work accomplished on the extension of the line this year with the object of a favorable influence on the province's election in the constituencies concerned, but he was fair enough at the last session to point out that by reason of the heavy and unexpected demands of the northern railway systems which were required to handle the sudden rush to the oil fields this year it would not be advisable for financial reasons to attempt any projection of the Lacombe road.

At that time, however, the premier pointed out that as soon as feasible the southwest line would be extended and he has since decided that a substantial sum should be included in the next spring estimates for construction purposes along the right of way between Rimbey and Edmonton.

Since taking over the Lacombe and Edmonton Valley system, as it was originally known, the government has practically doubled the mileage, the head of steam being at present to the Edmonton river, five miles northwest of the town of over four miles from Lacombe where the road connects with the Canadian Pacific.

The Edmonton river has in fact been bridged and a rough grade has been laid out for a high grade road over some distance beyond. Government engineers have also run a survey from the end of steam to Edmonton and everything is in readiness for an improvement for construction work.

No railway reaching Edmonton will traverse a more fertile and productive region than will the Lacombe and Northwestern. The entire eighty miles between Edmonton and Rimbey is excellent farming land and is exceptionally well settled, the district west of Wetaskiwin, Lodge and Rimbey being among the choicest in the

province and has been under cultivation for over 50 years. The line to Rimbey has already served a territory west of Lacombe amounting to about 100,000 acres, and the extension to Rimbey will be a great benefit to the province.

The proposed extension of the Lacombe line will not materially interfere with trade on the present line of the Canadian Pacific by reason of its location (thirty miles to the west almost the entire distance, and by reason of the greatly increased development which will be possible along its course. Thousands of settlers in the southwestern districts have been clamoring for years for better railway facilities but had the provincial government not obtained the Lacombe and Northwestern system it is scarcely probable that any road would have been projected in that direction for many years to come.

The Canadian Northern at one time held a charter for a line southwest from Edmonton to Calgary, but since the Canadian National has been facing monumental deficits on operation of lines already in existence, it is certain that nothing would be done for the next decade or so in making the charter right and not looked upon by the C.N.R. In fact even the leader of the organized farmers' party, Hon. T. A. Creer, stated in Edmonton not long ago that if he were in power he would refuse to hear of any railway

extension in the west for another ten years at least.

In view of present conditions and circumstances it means a great deal to Edmonton and the districts south of the city as far as Rimbey that it is the policy of the Stewart government to complete the Lacombe line as soon as possible, with a substantial program of grading and track laying for next year. At the last session of the legislature the members for Wetaskiwin and Lodge, Messrs. Montgomery and Tobin, strongly urged that construction be carried out on the line this season, and while pointing out why this was not possible, Premier Stewart gave assurance that he would give the question immediate attention and see if an extension of the line could not be financed in the immediate future.

SOME REASONS WHY THE ORGANIZED FARMERS SHOULD SUPPORT THE STEWART GOVERNMENT

Because it has at its head a man whose personal integrity, conscientiousness of purpose and fairness of judgment are acknowledged alike by personal friends and political foes, thus constituting him the type of Premier calculated to meet the various needs of the people of the province.

(2nd) The members of his government (many of them farmers themselves) have shown a keen interest in all questions affecting the cause of agriculture (within the limits of provincial legislation) and have in no instance shown any partisan feeling against any fair or reasonable resolution put before them for their consideration by the U.F.A. executive.

In our provincial ministry of Agriculture the farmers of this province have a friend who is acknowledged to be the champion fighter in the cause of agriculture of any man or minister in the Dominion or beyond.

SEXSMITH NEWS

Sexsmith, July 2.—The crops in the northern part of Alberta are looking excellent. Wheat is headed out in most parts.

Stirwberry picking had begun the latter part of June.
Seasonal work will be ripe in a week or so. It is almost time for Mr. J. Ochs to take a trip up to the north country again to have a feed of them. Did he make enough in his new store to hire a car when he gets to Sexsmith so he will not have to walk thirteen miles to his nearest friends.

LONDON, ONT., IS FLOODED BY STORM

London Ont., July 10.—Not since the big flood of July 11, 1883, when four thousand persons were drowned and hundreds of thousands of dollars' worth of property was destroyed, has London sustained such damage as during a storm which raged from two o'clock this morning until nearly 2 o'clock this afternoon.

In that time 3.15 inches of rain fell, lightning was almost incessant and terrific damage that will run into thousands of dollars was caused by the storm. At one time the water had in some districts, and reports of trees being splintered and stock sheltering under them being killed were frequent over the weekend.

The damage by hail is scattered to the building and destroying tons of paper in addition to melting over roller on the press. The Free Press is being printed until regulars are made, at the London Advertiser. During the storm the tower of the First Methodist church was struck by lightning and serious damage done. MAN GIVES WIFE GLYCERINE MIXTURE

She had stomach trouble for years. After giving her simple licentious bark, glycerine, etc., as mixed in Adler-ha, her husband says: "My wife feels fine now and has gained weight. It is wonderful stomach medicine. Adler-ha acts on BOTH upper and lower bowels, removing foul matter which poisoned stomach and which you never thought was in your system. EXCELLENT for gas on the stomach or chronic constipation. Guards against appendicitis. The impurities in the bowels will surprise you. The Northern Drug Company, 22

LIGHTNING CAUSES

DEATH OF HORSES LOSS OF HOUSES

The severe electrical storms of the past week have not been without mishap, and reports from the surrounding district tell of various accidents and damage to property, while in some parts hail is also reported to have done considerable damage.

At Heather Brae the storm of Tuesday last was at its height when the barn of J. W. Montgomery was struck by the lightning, resulting in the death of a valuable team and the narrow escape of Wesley Montgomery who was slightly injured. According to the story received in Camrose the horses were in the barn at the time of the accident and were killed immediately, while Wesley Montgomery was standing in the open doorway, was thrown to the ground with the stroke and had a narrow escape.

Later in the same night a house in the Albury district, owned by Mr. McKay was also struck by lightning and burned to the ground, the occupants having a hard time escaping without damage.

The flashes of lightning were very frequent in some districts, and reports of trees being splintered and stock sheltering under them being killed were frequent over the weekend.

(Too late for last week)
Mr. and Mrs. C. Groves and son, of Calgary, are spending a short time with the latter's parents, Mr. and Mrs. S. L. Groves, of Wetaskiwin.

There is no scarcity of rain now in our park. Everything is doing fine. Its a pity some people couldn't think of something all by themselves for a change.

Mr. and Mrs. A. Jackson and son of Dayland, have been spending a few days with Mr. Geo. Hunter, of Wetaskiwin.

Miss Winnifred Hunter has returned to her home.
Miss Bessie Mollett, of Wetaskiwin is visiting with Miss Daisy Nelson for a few days.

There was a school meeting in the Lucas school Tuesday afternoon. Nucleus—Some Larch Tree people in the Lucas S.D. last Sunday. Wonder Why?

Why Should The United Farmers of Alberta

Oppose the

STEWART GOVERNMENT

?

Premier Stewart is one of the best farmers in the province.

The Provincial government has enacted more legislation in the interests of the farmers than any other government in Canada.

The platform of the U.F.A. is almost identically the platform of the Stewart government.

All classes and sections have received the utmost consideration at all times from Premier Stewart and his cabinet.

The government has been progressive and business-like.

Critical times are ahead and the government is prepared to cope with these problems in an experienced and careful manner.

Why, Then, Should Premier Stewart Be Opposed?

Remember what Hon. T. A. Cregar, national leader of the organized farmers, had to say when he addressed the U. F. A. convention in Edmonton, January 20th, 1921, as reported in the press.

"Mr. Cregar pointed out that the business of government he could not whether it was a municipality, a province, or in the view of federal field, was a business that should engage the attention of every honest citizen, no matter what his calling or occupation might be, and consequently, he urged the U.F.A. to be as business-like in their dealing with the government as the other man, whatever his occupation might be, so long as he is dealing in politics, that he, the speaker believed in, and who was willing to work with him for these ends."

"That does not mean that the position of your organization, or of any farmers' organization, is challenged," said Mr. Cregar. "It would be a thousand pities if we were to do anything in Canada today that would destroy the integrity and effectiveness of the farmers' organization. Your U.F.A. as your product has helped out on many occasions, must continue its existence and life as a farmers' organization, built up as such, but not any further—when you get into the wider field where you are dealing with matters of vital importance to all the people of the country, do not refuse the support and assistance of the man who is willing to work with you to that end. You will fail in your final purpose if your motive is to seek power alone for the sake of power. It would be a fatal mistake if we became animated with the desire to acquire power in government merely for the sake of having it."

CRITICAL TIMES IN THE ERA OF RE-ESTABLISHMENT ARE STILL AHEAD—THE WORDS OF HON. MR. CRERAR. CARRY A NOTE OF GRAVE WARNING—THE STEWART GOV'T HAS AN UNCHALLENGED RECORD OF SPLENDID PUBLIC SERVICE WHY NOT STAND TOGETHER AND WORK TOGETHER?

HOW TO BROIL MEATS

Broiling Meat is an Art. There is nothing more tasty than a good Steak or Mutton Chop broiled. This method of cooking is distinctive when properly done. It retains the juices and preserves the natural flavor of the meat.

A gas range is good for broiling. A coal range is equally as good when properly handled. Have a good clear fire with bright red coals, open all the drafts to draw off all the smoke and flames. An intense heat is essential. Place the steak or chop in a double broiler and sear the surface of the meat quickly to retain the juices, this is done by holding the meat close to the coals for three or four minutes until the surface is nicely browned, then raise the broiler a few inches above the coals and continue cooking until done.

Important.—During the process of cooking the broiler should be turned every few seconds. The meat, when done, should have a fine well browned crust on the outside, the inside should be red and juicy and cooked evenly all through. Do not season while cooking, as the salt will draw the juice from the meat. For length of time to cook, see time table for broiling.

Perinthosh, July 6, 1921

To the Editor
Wetaskiwin Times:

Dear Sir:

A word on the present election situation might not be out of place. It struck me as a piece of nerve for any organization to send a man such as Mr. Harris to tell the people of Camrose constituency what they should do. Mr. Harris is reported to be a man who organized the Medicine Hat bye election. He hails from Dakota where the Non-Partisan league got control a few years ago and succeeded in the ruin of the State. He got his schooling in making fiery speeches under Townley, the leader of the Non-Partisan League in Dakota, who has served a term in jail in that State. Some 27 banks closed their doors in Dakota within 30 days. Industry was paralyzed, even all the newspapers and the cooperative stores and enterprises owned by the league have gone defunct and it will take generations for the State to recover.

This man Harris knew nothing of Canadian history or British institutions or Alberta politics. He spent his whole time discussing Federal affairs which he had learned in Medicine Hat and evidently has not the first idea of what matters are dealt with by provincial governments and what matters are under Dominion control. His coarse language and brutality were most offensive and his reference to Jesus Christ and the crucifixion was nothing short of sacrilege. It is to be hoped people of Camrose constituency place a proper estimate upon this man and that they will refuse to be dictated to by such an authority as to how they will vote on July 18.

Yours truly,
J. D. JOHNSTONE
President, Perinthosh U.F.A.

To the Editor of The Times,

Dear Sir:

A leading Liberal in Wetaskiwin, said, when asked the question, if he thought Mr. Montgomery could represent the farmers as well as a farmer could himself? "No, certainly not, absolutely not" was his reply. Now, is not that the whole question.

Should the interests of the farmers be set back into last place and the interest of the Liberal party set up in first.

It is not that a selfish motive? The Conservative party in Wetaskiwin show a more open and broader mind by not opposing the farmers.

Fred Freeman.

Vote early and vote for Montgomery!
